## PROFESSIONAL PROFILE

Drupal Full-Stack Developer with 3+ years of hands-on experience delivering enterprise-scale, high-traffic web platforms for globally recognized events and brands. Expert in Drupal 10/11 custom module development, headless/decoupled architecture, Single Directory Components (SDC), and deep PHP 8+ backend engineering. Proven track record building production platforms used by **172,000+ global attendees** (Cityscape Global), international tech conferences (LEAP East, Hong Kong), and biotech summits. Strong front-end proficiency in React, Next.js, TypeScript, and TailwindCSS. Available for remote, hybrid, or relocation roles worldwide.

## CORE COMPETENCIES

| | |
|---|---|
| **Drupal** | Drupal 10 / 11 · Custom Module Dev · Single Directory Components (SDC) · Headless / Decoupled · Twig Templating · Views & Panels · Drupal Commerce · JSON:API · Migrate API · Layout Builder |
| **Backend** | PHP 8+ · OOP & SOLID Principles · RESTful APIs · GraphQL · Node.js · Express.js · MVC Architecture · Doctrine ORM · Middleware · MySQL / PostgreSQL |
| **Frontend** | React.js · Next.js 14 (App Router) · TypeScript · JavaScript ES6+ · TailwindCSS · GSAP · Framer Motion · shadcn/ui · Redux Toolkit · React Query |
| **DevOps** | Git / GitHub / GitLab · Docker · CI/CD Pipelines · AWS · Vercel · Nginx · Linux CLI |
| **Standards** | WCAG 2.1 Accessibility · Performance Optimization · Web Vitals (CWV) · Agile / Scrum · Code Review · Technical Documentation |

## WORK EXPERIENCE

### Drupal Full-Stack Developer @ ZYROUS

*Jan 2024 – Present*

Islamabad, Pakistan · Remote-first, International Clients

- Architected and shipped production Drupal 10/11 platforms for **5 internationally recognized event brands** — including the world's largest real estate event (Cityscape Global, 172K+ attendees) and a Hong Kong global tech conference (LEAP East 2026).
- Built fully decoupled headless Drupal backends with JSON:API serving React/Next.js frontends, reducing time-to-content by **~40%** through incremental static regeneration (ISR).
- Developed 10+ custom Drupal modules in PHP 8+ using OOP, Symfony services, and event subscribers — covering exhibitor management, registration flows, speaker portals, and AI matchmaking integrations.
- Engineered reusable Single Directory Components (SDC) library adopted across 4 multi-brand microsites, cutting per-project component dev time by **35%**.
- Integrated third-party REST APIs: ticketing systems, CRM platforms, partneringONE matchmaking, and payment gateways — all with robust error handling and async retry logic.

- Achieved sub-2-second LCP scores on all delivered platforms through Drupal BigPipe, CDN configuration, image lazy-loading, and aggressive cache tag management.
- Collaborated daily with international clients across Saudi Arabia, UK, and Hong Kong in Agile sprints; delivered every project milestone on schedule with zero critical post-launch bugs.
- Enforced WCAG 2.1 AA accessibility standards and multi-language (Arabic/English) support across all platforms, ensuring compliance for Middle East and global audiences.

### Drupal Full-Stack Developer @ Drupak

*Jun 2023 – Dec 2023*

Pakistan · On-site

- Developed and launched production Drupal 9/10 websites with custom theming using Twig, SCSS component libraries, and Drupal's theme layer hook system.
- Built and consumed RESTful APIs connecting Drupal CMS to React-based SPA frontends, enabling real-time content delivery without full page reloads.
- Wrote comprehensive PHPUnit tests and contributed to team code reviews, reducing bug regression rate by **20%** over 6 months.
- Migrated legacy Drupal 7 content to Drupal 10 using the Migrate API, preserving all structured data, media assets, and URL aliases.

### JavaScript / Frontend Developer @ Axlom

*Jan 2022 – May 2023*

Karachi, Pakistan · On-site

- Built dynamic B2B web interfaces using React.js, Redux Toolkit, and TailwindCSS, improving UI interaction performance by **30%** through component memoization.
- Consumed and shaped RESTful API contracts with backend engineers, defining request/response schemas that reduced integration friction across 3 product teams.
- Implemented responsive, pixel-perfect UI components from Figma designs with cross-browser compatibility down to IE11 (where required).

## SELECTED PROJECT HIGHLIGHTS

### Cityscape Global — World's Largest Real Estate Event ↗ cityscapeglobal.com

**Stack:** *Drupal 10 · PHP 8+ · Custom Modules · REST API · Multilingual · WCAG 2.1*

- Delivered the official digital platform for Cityscape Global Riyadh — 172,000+ attendees from 23+ countries, the world's premier real estate investment event.
- Built exhibitor management portal, sponsor showcase system, and AI-powered B2B matchmaking API integration as custom Drupal modules.
- Implemented full Arabic/English bilingual support with RTL layout switching via Drupal's language negotiation and locale system.

### LEAP East 2026 — Global Tech Conference (Hong Kong) ↗ leapeast.com

**Stack:** *Drupal 10 · PHP 8+ · React · SDC Components · REST API · CI/CD*

- Built the complete web platform for LEAP East 2026, a flagship global technology event in Hong Kong connecting 10,000+ innovators, investors, and tech leaders.
- Developed pre-registration flows, dynamic speaker listings, and startup/investor program portals using custom Drupal entities and Views.
- Integrated CDN-level caching and deployed via GitLab CI/CD pipelines achieving zero-downtime deployments.

### One Giant Leap — LEAP Conference Platform (Saudi Arabia) ↗ onegiantleap.com

**Stack:** *Drupal 10 · Headless Architecture · JSON:API · Next.js · SDC · TypeScript*

- Architected headless Drupal platform for LEAP — one of the world's largest tech events — decoupling content layer from Next.js frontend for independent scaling.
- Designed and built the SDC component library powering consistent UI across multiple LEAP brand sub-sites.

### BIO Middle East — Biotech & Life Sciences Event Platform ↗ biomiddleeast.com

**Stack:** *Drupal 10 · PHP 8+ · partneringONE API · Custom Modules · TailwindCSS*

- Built the official platform for BIO Middle East (Riyadh 2026) — region's premier biotech summit co-located with CPHI, serving 60,000+ visitors and 1,000+ brands.
- Integrated partneringONE B2B networking API enabling real-time delegate matchmaking and meeting scheduling within the Drupal platform.

### Umrah Ziyarah — Islamic Pilgrimage Travel Platform ↗ umrah-ziyarah.com

**Stack:** *Drupal 10 · PHP 8+ · Multi-language (Arabic/Urdu/English) · MySQL · REST API*

- Built full-featured pilgrimage travel platform with multi-language content management (Arabic, Urdu, English), package booking flows, and itinerary builder.

## ATS KEYWORD INDEX — TECHNOLOGY PROFICIENCY

| Expert Level | Proficient | Familiar |
|---|---|---|
| · Drupal 10 / 11 | · GraphQL | · MongoDB |
| · PHP 8+ | · Node.js | · AWS (EC2, S3) |
| · Custom Module Dev | · Express.js | · Vercel |
| · Twig Theming | · Redux Toolkit | · Nginx |
| · SDC (Single Directory Components) | · React Query | · Python (basics) |
| · Headless / Decoupled Drupal | · MySQL | · Drupal Commerce |
| · JSON:API | · PostgreSQL | · Layout Builder |
| · React.js | · Docker | · Symfony Services |
| · Next.js 14 | · CI/CD Pipelines | · GraphQL (Drupal module) |
| · TailwindCSS | · GSAP Animations | · Webpack / Vite |
| · JavaScript ES6+ | · Framer Motion | · shadcn/ui |
| · TypeScript | · MVC Architecture | · MUI |
| · Git / GitLab / GitHub | · Doctrine ORM | |
| · REST API Design | · WCAG 2.1 | |
| | · Drupal Migrate API | |
| | · PHPUnit Testing | |

## EDUCATION

**Bachelor of Science in Computer Science (BSCS)** — *2020 – 2024*
**University of Agriculture Peshawar** · Peshawar, Pakistan · **CGPA: 3.58 / 4.0**

**Certificate in Information Technology** — *2021 – 2022*
**NAVTTC (National Vocational & Technical Training Commission)**

## CERTIFICATIONS

**Meta Certified Frontend Developer**
Meta / Coursera
*React · JavaScript · HTML · CSS*

**Total TypeScript**
Matt Pocock
*Advanced TypeScript Patterns & Type System*

**Data Structures & Algorithms**
freeCodeCamp
*Problem Solving · Complexity Analysis*

**IT Fundamentals Certificate**
NAVTTC, Pakistan
*Networking · OS · Programming Basics*

## LANGUAGES

**English** — Professional Working Proficiency | **Urdu** — Native | **Pashto** — Native
